

"Worried about electrical waste? You're not alone, and yet at present it can still be difficult to find outlets where your old electrical equipment can be repaired, recycled, or responsibly disposed of. Here are some reuse and recycling projects and contacts that might be useful.

### **RecycleNow Electrical Items guide**

#### **Ealing Household collection for household small electrical items with charity donations**

Ealing council has set up partnership with Traid to collect from households small electrical items along with charity donations. TRAIID provides free home collections to residents living in the West London Waste Authority boroughs of Brent, Ealing, Harrow, Hillingdon, Hounslow and Richmond. TRAIID will collect your unwanted textiles, clothes and shoes, and small Waste Electrical and Electronic Equipment (WEEE) items.
